

NETWORK & DRINKS at ALIVA FOODS Copenhagen - for members only

On **November 2**, Danish Food Cluster invites you to an informal afternoon of person-to-person and member-to-member networking. Join us for an opportunity to make new connections, share knowledge, and to maximise the outcome of your membership.

The theme of this event will be

“Deliver what the customer wants – insights into current food trends”

- **Taste the new super foods**
- Get new insights on the **latest food trends**
- Make **new connections** in the Danish food sector.

We organise **one-on-one networking** sessions where you can meet new faces and maybe a new partner.

This event will be hosted by our member Aliva Foods to get new insights into their specific area of expertise.

As the main part of the event, we will organise a networking session where you can make new connections within Danish Food Cluster. If you are hoping to meet specific contacts, please let us know so that we can try to make it possible.

Maybe you will meet a new partner or colleague or get inspiration for your next innovative idea.

Best regards,
Thomas Hornbæk Jakobsen
Danish Food Cluster

When: November 2, from 14:00 to 16:00

Where: Aliva Foods, Nordre Frihavnsgade 68, 2100 København Ø

To register, click [here](#).

Please let us know if you have special wishes for new contacts for the networking session by sending an email to Thomas Hornbæk Jakobsen at thj@danishfoodcluster.dk
