

NETWORK & DRINKS at Peter Larsen Kaffe - for members only

On **November 16**, Danish Food Cluster invites you to an informal afternoon of person-to-person and member-to-member networking. Join us for an opportunity to make new connections, share knowledge, and to maximise the outcome of your membership.

The theme of this event will be

“Sustainability and radical product development in a traditional market”

- **Come inside the production facilities**
- Get new insights on the **latest trends and sustainability approaches**
- Make **new connections** in the Danish food sector. We organise **one-on-one networking** sessions where you can meet new faces and maybe a new partner
- **Experience coffee in new ways**

This event will be hosted by our member Peter Larsen Kaffe to get new insights into their specific area of expertise.

As the main part of the event, we will organise a networking session where you can make new connections within Danish Food Cluster. If you are hoping to meet specific contacts, please let us know so that we can try to make it possible.

Maybe you will meet a new partner or colleague or get inspiration for your next innovative idea.

Best regards,
Thomas Hornbæk Jakobsen
Danish Food Cluster

When: November 16, from 15:00 to 17:00

Where: Peter Larsen Kaffe, Ærøvej 15-17, 8800 Viborg

To register, click [here](#).

Please let us know if you have special wishes for new contacts for the networking session by sending an email to Thomas Hornbæk Jakobsen at thj@danishfoodcluster.dk
